pr1mus creative panels

construction panels and system parts for creative interior construction

design & clad - creatively & flexibly

- for all interior construction
- for bathrooms and damp rooms
- for wellness systems
- for construction of partitions

cover & construct - quickly & simply

pr1mus creative panel construction panels consist of extruded polystyrene hard foam furnished with fabric and a special mortar coating on both sides

stability and security for all applications

- ideal substrate for tiles, plaster, filler and sealings
- pressure-resistant
- water-resistant
- light
- heat-insulating
- flexible application

sizes for various applications

pr1mus creative panels are available in 11 thicknesses ranging from 4 - 100 mm

available in the dimensions 1250, 1300, 2500 and 2600 mm x 600 mm

the construction panels offer perfect conditions for creating tile subsurfaces suitable for thin mortar beds

renovate & reconstruct

construction panels of 4, 6, 10 and 20 mm thicknesses

- ideal for evening out e.g. old tile coverings

simple & secure

construction panels with 12.5 mm thickness

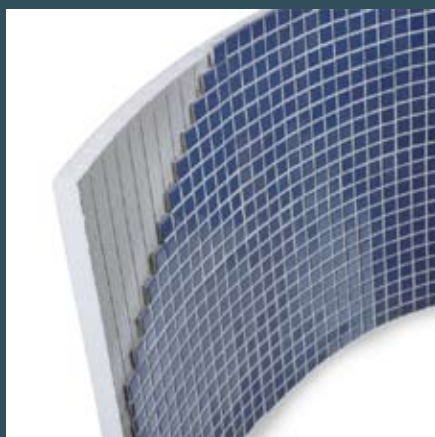

- in the case of bathroom walls covered using dry mortarless construction methods, pr1mus creative panels can be mounted flush in connection with plasterboards thus guaranteeing water-tightness in the area where water gets splashed

design & construct

construction panels starting from 30 mm thickness

- creative construction of e.g. wash basins, surfaces, shelves, stairs etc.

the tried-and-tested pr1mus creative panel for even more creative design possibilities

sizes

1250 or 2500 x 600 mm, thickness 30 mm
horizontal or vertical cuts

high flexibility

thanks to the standard cuts at 30 mm intervals, the pr1mus creative panel style can be bent into almost any radius

freedom of design

- for round partitions
- for pillars
- for bathtub cladding etc.

pr1mus creative panel - tube box

products

pr1mus creative panel in angular shape with double-sided coating

sizes

height of 2500 or 2600 mm
angle depth 150, 200, 300 or 400 mm

quick, simple & secure

horizontal or vertical constructions

- especially for tube coverings and corner formations
- ideal for designing pillars

- bathtub coverings offer perfect solutions for all bathtubs and shower trays

- specially adapted parts for the usual bathtub dimensions guarantee a secure and quick assembly

- differences in height and unevenness in the ground can be simply evened out using the height-adjustable feet

- individually constructible inspection openings make inspection panel unnecessary

- customisations for all models and installation situations
- whether with underlay, extra surface or step -
always guarantee ideal results

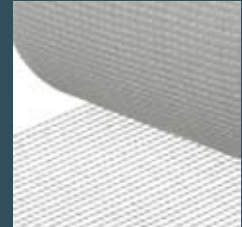

pr1mus creative panel - accessories

products

pr1mus creative panel - accessories system components guarantee a safe, simple and durable assembly

armouring tape

self-adhesive armouring tape for bridging cracks at panel butt joints and junctions

dowel & metal dowel

plastic or metal nail dowel for fixing pr1mus creative panels on the wall
span width up to 90 mm

fixing disc

insulation board disc for fixing pr1mus creative panel on the frame work or other screwable substrates

connector

connecting and anchoring part for joining two construction panels or securely fixing tube boxes for thicknesses of 20, 30 and 50 mm

intelligent, innovative solutions for construction, sealing and creative interior fittings, without barriers, but with value creation, know-how and first-class quality

this is what pr1mus is about

a short decision-making process combined with consistent action is what makes us who we are, and we always keep a watchful eye on the market

innovations are the basis of our success

we set trends
patented product solutions form a valuable contribution for our customers in their requirements of innovation, price consciousness and fully developed and reliable products

the people behind pr1mus

they are the most important asset of our company and the crucial factor for our success in the ever more dynamic markets

we work in an open, communicative atmosphere with flat hierarchies and room for creativity and individuality
the high level of commitment of every one of our employees has a single goal

our aim is to promote our customers` business with our ideas and thus enjoy fruitful partnerships

our international network of sales partners and companies operating worldwide ensures optimum communication and customer and market proximity on all continents

think global - act local

we work internationally and therefore know local markets
we develop and implement the ideas and requirements of our customers individually
behind each business deal - whether concerning global players or regional partners – there are people
these partnerships are held high in accordance with our philosophy

combining humanity and profitability

in doing so, our declared goals for the future are to go our – very own - way and to continue to internationally develop and strengthen our partnerships

the future is pr1mus!
